

# Grade 1 A.M.I. Day Eighteen

## Off–Site Learning Packet

Please read directions carefully. Completed work will be graded upon return to school for A.M.I. Day Eighteen.

### Literacy Assignments

Choose a nonfiction or fiction book to read with someone. Answer the before, during, and after questions from the green pages in your communication binder.

A small moment is one small, isolated instance in your life. For example, a small moment would be petting a horse at the zoo (not the whole trip to the zoo). You will draw a detailed picture of the 3 main events surrounding your small moment. The small moment is usually the middle picture.
